12<sup>th</sup> September 2017

Dear Parent,

It has been brought to my attention that some of the children in the Year 3 classes have been experiencing a problem with Head Lice. I should be grateful if you would check your child's head every night to see whether he/she is suffering from this problem and ensure that the correct lotion is subsequently used. A special comb should also be purchased as you can wash your child's hair using a conditioner and then comb out the head lice. The eggs may also be removed from the hair root by hand.

**Please advise EVERYONE that your child has come into contact with, e.g. friends, neighbours grandparents, aunts, uncles, so that they can check their own hair.**

I should be grateful for your help in checking your child for at least two weeks so that this problem can be eradicated. If you all try to tackle this problem now it should prove successful.

Please note you can call into Manor Pharmacy on Edenfield Road, opposite the Coop were they will treat your child's head lice for free if you wish.

Yours sincerely,

Mr. S. Callaghan  
Head Teacher
